

# Improvement of the energy efficiency of public buildings in Ostrów Wielkopolski

## **Description of the project:**

The project involved thermal modernization of 5 public buildings located in Ostrów Wielkopolski, namely the Municipal Nursery and public kindergartens number 9, 14, 16, 17. The authorities realized insulation of external walls and roofs, insulation of window and door frames, partial replacement of window and door woodwork, replacement of lighting for energy-saving one, replacement of central heating installations and replacement of water installations. Photovoltaic units were installed on the roofs of the aforementioned buildings. Nursery and kindergarten buildings were provided with new, aesthetic facades and, thanks to thermo-modernization, their energy efficiency was improved, consequently reducing the heating costs of these facilities..

## **Beneficiary:**

TOWN OF OSTRÓW WIELKOPOLSKI COMMUNE

## **Program:**
