

Kalisz - space for professionals. Modern workrooms as the key to the success of the Kalisz-Ostrów Agglomeration.

Description of the project:

The project involves further equipping of the existing workrooms as well as creating new highly specialized facilities in 5 schools and vocational and lifelong learning institutions operating in Kalisz (namely, in the Upper Secondary School Complex No. 2, Gastronomy and Hotel School Complex, Technical and Electronic School Complex, Economic School Complex and Centre for Practical Training and Continuing Education). The discussed project is to cover the implementation of investment objectives involving the extension, reconstruction, modernization and adaptation of the rooms in individual buildings located in the aforementioned schools and institution for educational purposes. It is to be accompanied by the purchase of highly specialized, modern equipment and furniture. The project aims at developing the infrastructure meeting the needs of the implementation of a complementary project co-financed using the means from the European Social Fund named "Kalisz - space for professionals. Qualification and experience as an investment in the future of the youth from the Kalisz-Ostrów Agglomeration" co-financed as a part of Action 8.3 WRPO 2014+.
